MANAGEMENT DISCUSSION AND ANALYSIS

The following discussion is based on the Audited Standalone and Consolidated financial statements of Chembond Chemicals Limited and its following subsidiaries and step-down subsidiaries (together referred to as "the Group"):

- i. Chembond Biosciences Limited
- ii. Chembond Calvatis Industrial Hygiene Systems Limited
- iii. Chembond Distribution Limited
- iv. Chembond Material Technologies Private Limited
- v. Chembond Polymers and Materials Limited
- vi. Chembond Water Technologies Limited
- vii. Phiroze Sethna Private Limited
- Step-down subsidiaries**
- viii. Chembond Clean Water Technologies Limited
- ix. Chembond Water Technologies (Malaysia) Sdn Bhd
- x. Chembond Water Technologies (Thailand) Co. Ltd.
- xi. Gramos Chemicals India Private Limited
- Step-down Associate**
- xii. Rewasoft Solutions Private Limited

This discussion, therefore, covers the financial results and other developments from April 2022 to March 2023, in respect of the Group. The financial year 2022-23 has been referred to as "the year" and the financial year 2021-22 has been referred to as "the previous year". Some statements in this discussion describing the projections, estimates, expectations or outlook may be forward looking. Actual results may, however, differ materially from those stated owing to various factors such as changes in government regulations, tax regimes, economic developments, exchange rates and interest rates fluctuations, impact of competition, demand and supply constraints, etc.

During the year under review, your Company has achieved revenue from operations of ₹5,086 lakhs on a standalone basis and ₹44,044 lakhs on a consolidated basis. The comparative figures are tabulated below.

Standalone and Consolidated

The highlights of the standalone and consolidated performance are as follows:

(₹ in Lakhs)

Particulars	Standalone		Consolidated	
	2022-23	2021-22	2022-23	2021-22
Net Sales	4,798	4,233	40,913	32,519

Interest Coverage ratio	71.22	227.76	33.33	30.80
Current ratio	6.39	9.95	2.72	3.64

Standalone EBITDA & PBT was down due to decline in other income, mainly dividend & net gain from valuation of investments.

Consolidated Sales growth remained strong across the operating business units.

EBITDA, PBT, Net Profit and return on net worth have improved as a result of strong sales growth and input costs being relatively stable.

The Current ratio has been negatively impacted due to tight cash flows leading to an increase in utilization of banking limits.

There is no significant change (i.e. change more than 25% compared to FY 2021-22) in other key financial ratios for FY 2022-23.

Industry Structure & Developments

Global Economy

The global economy, which was recovering from the downfall due to the pandemic induced downturn, continued to face volatility and setbacks on account of the ongoing Russia-Ukraine war. Global inflation, which in 2022 was at its highest level in this millennium due to rising oil and gas and food prices, is decreasing. Global consumer confidence is also now higher. (Source: Statista; Ipsos)

Rising interest rates and decreasing purchasing power could weaken consumer confidence and thus dimming growth prospects for the global economy. China is also experiencing an economic slowdown. World output growth is projected to decelerate from an estimated 3% in 2022 to only 1.9% in 2023, representing one of the lowest growth rates in recent decades. (source: Report published by United Nations Department of Economic and Social Affairs. (UN DESA)

To address the current economic challenges, it is crucial to focus on increasing employment opportunities, prioritizing public investment, investment in education, health, digital infrastructure, new technologies and the green economy are essential. Many developing countries are prioritizing green investments to aid their recovery from pandemic. Several other nations are exploring transformative measures for their economies, including implementing carbon taxes, fostering private-public partnerships, utilizing green bonds and other mechanisms to finance the sustainable initiatives.

Indian Economy

As per the report of the World Bank dated 4th April, 2023, India's growth continues to be resilient to external conditions. Having faced challenges in the form of inflation, monetary tightening, Russia-Ukraine war, COVID 3rd wave, unemployment and interest rate hikes, India continues to be one of the fastest growing major economies. The measures taken by the government to boost manufacturing in new sectors by providing incentives, the Atmanirbhar Bharat scheme, especially in Defence and Railways, the continued expansion of public digital platforms, and transportation infrastructure are some of the likely causes for this growth story. The continued focus on the same is expected to play a large role in improving India's cost and export competitiveness in the coming years.

The services sector has always been a dominant contributor to India's GDP, with significant contribution to exports and FDI. In FY 2022-23 service exports rose by 42% to USD 322.72 billion from USD 254 billion in 2021-22 (source: data from commerce ministry). Meanwhile, manufacturing and investment activities consequently gained traction. By the time the growth of exports moderated, the rebound in domestic consumption had matured sufficiently to propel India's economic growth forward.

With a robust domestic demand, thriving services exports and favourable macroeconomic indicators, India's outlook stands out among its peers. The country's sustained growth and broad based recovery will not only benefit its own population but also contribute significantly to the global economy in the years ahead.

Chemical Industry

The Indian chemical Industry is one of the most important components of our economy and contributes around 7% to the nations GDP. Despite the challenges posed by the global pandemic, the chemical sector has not only survived but thrived. Being the 6th largest producer of chemicals globally and 3rd in Asia, the Indian chemical industry capitalizes on forthcoming opportunities. (Source: TOI). India ranks 3rd in chemical imports and 4th in exports over the last five years, showcasing its crucial role in the country's inclusive trade flow. India's appeal as a manufacturing destination can be attributed to an advantage of lower labour costs, a large domestic market, a large talent pool, and an ability to build cost effective manufacturing units coupled with Government strategies viz. changes to corporate tax rates, public infrastructure investment and improvement and continuous efforts to improve the ease of doing business.

Despite industry specific challenges, chemical companies in India can benefit in the long term from factors such as rising domestic demand in chemical end use sectors like agriculture, consumer goods, infrastructure, automobiles, electronics, housing, steel, power and healthcare. All these factors are expected to drive chemical demand, creating lucrative value pools across most chemical sub segments.

The Indian government allows 100% FDI in chemicals and has plans for production linked incentive schemes in the Chemical sector. With the shift of manufacturing out of China, India is becoming a preferred manufacturing hub for many specialty chemicals segments. The Indian specialty chemical market is expected to grow at ~12% CAGR to US\$120 billion, which will presumably double its share in the global market from 3-4% to 6% in the next 2-3 years to come. Outlook on Opportunities, Threats, Risks and Concerns

Your Company has a well-established infrastructure with respect to manufacturing capacities, human resources, sales and technical expertise & new product development, which are key factors for future growth of its businesses. The Company banks on its product development skills for creating new markets and products, quality improvement and cost reduction. With advance remote monitoring and control systems based on AI, we are positioned well to manage the future of the water business in coming times.

Opportunities

1. Expansion & revamping by major customers to add capacities
2. Customers looking for solutions that save operating costs
3. The advantage of being a professionally managed local company adaptable to the ever-changing business environment
4. Automotive companies and their Tier 1 are growing rapidly
5. In house research centre and technical expertise
6. Customers looking for outsourcing utility operations on O & M basis
7. Government initiatives / incentives for setting up sourcing / manufacturing companies within the country
8. Expansion in the manufacturing capacities to cater to growing demand

Threats

1. Volatility in the global and Indian economies
2. The continuing war between Ukraine & Russia
3. Accelerating climate change and unpredictability of changes in the weather
4. Global companies strategically buying out businesses and investing in India
5. Threats from low-cost manufacturers
6. Introduction of AI and new technologies
7. Changes in environmental regulations due to climate change
8. Increasing costs of compliance that could potentially make certain operations unviable

Risks & Concerns

The growth of the speciality chemical industry is driven by R&D activities and a need for constant innovation in the product spectrum. On the other hand, a strong R&D set-up ensures quality management and cost reductions. Since your Company has its own R&D Centre, the above concerns are well addressed.

The Company is exposed to safety, health, security and environmental risks, given the diversity and complexity of the industry in which your Company operates. The Managements commitment towards employee safety, health and the environment extends beyond accidents and occupational health hazards to social well-being of employees. The Company conducts frequent SHE audits to confirm its framework protocol and regulatory compliances. The Company has a Safety, Health and Environment Policy entailing its commitment towards high standards of SHE across its facilities. The evolution of the regulatory environment across the globe has resulted into increased scrutiny that raises minimum standards required by the Company necessitating increased investment in compliance. The Company considers regulatory requirements as a source of competitive advantage and therefore abides by and strives to exceed the changing regulatory compliance requirements to consolidate its position in business.

Macro-economic conditions like the policy decisions of the government, currency fluctuations and volatility in commodity prices can affect the business of the Company. As the Company's revenue generating sources are diversified into various sectors having strong domestic demand, such risks are mitigated to some extent.

Business Snapshot

Water Treatment

Your Company offers speciality chemicals, systems and services for Total Water Management and water re-use across the industrial and C&I spectrum in the country and in limited international geographies. During the year under review, we added a few chemical additives for process use in fertilizer, petrochemical and refining industries. Our solutions are based on customer needs, years of field expertise, extensive customer system surveys, advanced performance monitoring techniques and proactive technical support to meet and exceed our customer's expectations. Our capabilities include managing all water treatment applications like raw water,

cooling water, boiler feedwater, produced water and waste water to allow recycle and re-use of water while allowing the plant to run efficiently and reliably. Our NSF approved RO membrane treatment and evaporator treatment products allow enhanced water recovery and zero liquid discharge operations. Our solutions are positioned to afford higher water-use efficiency in industries through its appropriate treatment. The challenges faced in the past few years around raw material availability and price escalation have tapered down slightly in the year under review. Though they have not returned to their base levels, we do expect more stability in the near future. The top-line has grown faster than in the past few years on the back of the generally robust business environment and the outlook for FY 2023-24 remains positive for this business.

Construction Chemicals

Revenues for the Construction Chemicals business grew over the past year. Overall growth of the construction industry drove an increase in demand for our products like admixtures, sealants and curing compounds. An increase in sales volumes while maintaining a healthy product margin and controlling overheads and direct costs helped us increase our bottom line as compared to the prior financial year. Stability in the supply chain allowed us to execute more orders on time. The outlook for FY 2023-24 is positive on the demand side, however our tightfistedness on profitability and customer credit worthiness will continue to take precedence over driving an unsustainable top-line growth.

Biotech

Our Animal Health business did not perform as expected in FY 2022-23 even when overall, the India animal health market size reached INR 73.40 billion in 2022. Decisions were called for to maintain hygiene within the business which resulted in slowing down the pace of growth to take control and steer the business in the right direction.

Challenges due to external factors will continue and is part of the dynamic of this business. Looking forward, analysts expect the market to reach INR 120.30 billion by 2028, exhibiting a CAGR of 8.58% during 2022-2028. Our belief in the potential of this business continues as we re-strategize and strive to gain business from renowned and respected customers.

Material Technologies

The Material Technologies business grew by over 38% vs the previous year, driven primarily by continued growth in metal treatment chemicals and sealants as well as coatings and adhesives. The Metal Treatment Chemicals division won business from some of the leading cold forming customers, appliance manufacturers and automotive vendors. The introduction of green technology products to our valued customers continues to be a focus. The Sealants business grew on a strong growth of the automotive industry – passenger as well as commercial vehicles and the introduction of new products. Efforts are being made to obtain approvals from some of the major OEMs for paint shop sealants and butyl sealants. The business has received approvals for a few new applications viz. cavity wax and expandable butyl, the supplies of which are likely to commence in the current FY. Efforts are being made to further improve the growth of

High-Performance Coatings and Industrial Coatings. The sales of Paint Booth products registered steady growth and efforts are being made to improve domestic as well as export sales. Raw material prices were a mixed bag. For Sealants and Coatings, input material prices stabilized albeit at much higher levels compared to pre-pandemic times. Whereas in Metal Treatment, raw material prices rose sharply.

Industrial Hygiene

Chembond Calvatis is a Joint Venture between your Company and Calvatis GmbH, Germany. The JV offers hygiene and cleaning solutions to the Food, Beverage, Dairy, Institutional and Hospitality segments in India. During the year under review, though the sales grew over the past year, business with one of our prime brewery customers was impacted across the country owing to their worldwide switchover to a single centrally approved vendor. We continue to be bullish about the prospects of this growing segment and continue to build our team, expand product offerings and expand our distribution network. The Company is therefore confident of business growth in FY 2023-24 and beyond.

Polymers

As informed in the Annual Report 2021-22 your Company has filed an application with NCLT for Scheme of Amalgamation, thereby merging Chembond Polymers and Materials Limited into Chembond Material Technologies Private Limited. All the formalities, procedures, submissions are completed as on the date of the report and the Company is awaiting NCLT order.

Research & Development

Innovation requires effective interaction among R&D, strategy, marketing, sales, supply chain and support functions. Investment in R&D is a priority for your Company in order to build a sustainable and valuable business. In Material Technologies, we developed new sealants that won approval from automobile lines; eco-friendly products were well accepted by the steel industry; and energy saving cleaners were developed for the metal treatment industry. The Animal Health group introduced new probiotics with better delivery systems. In Water Technologies, your Company introduced new products for membrane treatment and for effluent treatment while continuing to develop more sustainable product chemistries. A range of hybrid admixtures were successfully developed and introduced for our Construction Chemicals business.

Manufacturing

The Company has manufacturing plants at Baddi, Dudhwada, Navi Mumbai, Pune, Ranipet and Tarapur. These plants are regularly upgraded and equipped to meet the continuously improving standards around safety, health and environment. All our plants conform to various norms and quality standards. The teams at all the plants are well versed with chemical manufacturing and the use of global best manufacturing practices.

Safety, Health, Environment and Quality

Our focus remains undeterred when it comes to providing a safe and healthy workplace to our employees, caring for the environment by adhering to and exceeding statutory norms

and to our diverse customers to whom we aim to be a “supplier of choice.” All manufacturing plants and functions have targets for improving upon existing safety, environment, quality and customer service metrics. A dedicated team conducts risk assessments and environmental impact assessment of manufacturing operations to identify occupational hazards and environmental aspects and define control measures to reduce the risk to people, property and environment, to acceptable levels as per ISO 45001 & ISO 14001 for which we are re-certified. The Company continues to maintain its Quality Management Systems certifications as per ISO 9001 & IATF 16949.

Chembond Water Technologies now have their drinking water treatment products namely, “Reverse Osmosis Antiscalant”, “Distillation Antiscalant” and “Antioamer” certified with “NSF ANSI 60” product certification.

Human Resources

The Company has good people management processes in place and strives to provide a healthy work environment built on trust to its personnel. The introduction of workflow automation and a transparent objective setting and monitoring process have been the focus of the Company in the past couple years. These initiatives are aimed at standardizing processes across its growing operations and at helping the Company and its employees be aligned with the common goal of ensuring our core values are well served.

Industrial / Employee Relations

The Company has maintained harmonious industrial / employee relations throughout and no man-days were lost due to industrial / employee actions.

Internal Control Systems and their Adequacy

Chembond has a sound internal control system, which aims to assure that operations are effective and well aligned with the strategic goals and its evolving needs. The Company's internal controls are commensurate with its size, nature, geographical spread and complexities of its operations both at the entity and the process levels. The Company's ERP system has been designed to have in-built checks and controls. The internal control framework is intended to provide reasonable assurance towards the effectiveness and efficiency of its operations, reliability of financial reporting, compliance with applicable laws and regulations, prevention and detection of frauds and errors and safeguarding its assets.

The Company has implemented the Internal Financial Control (IFC) framework to ensure proper internal controls over financial reporting. The internal control system is further supplemented by internal audits carried out by independent Chartered Accountants and periodic reviews by the Management. The internal audit process is designed to assess the adequacy of internal checks and controls in the system and covers all the significant areas of the Company's operations. Process owners undertake corrective actions in their respective areas based on the internal audit observations, thereby further strengthening the controls.

The Audit Committee reviews the adequacy and effectiveness of the internal control systems and tracks the implementation of corrective actions. Significant audit observations and

corrective actions taken by the Management are presented to the Audit Committee. The Audit Committee also meets the Statutory Auditors to ascertain, inter alia, their views on the adequacy of internal control systems and keeps the Board of Directors informed of its major observations.

Corporate Social Responsibility (CSR)

The Chembond Children's Centre runs non-formal educational centres in 15 villages around Tarapur. The objective of these centres is to augment school curriculum by providing individual attention to students and improving the self-esteem of girls via skills like martial arts, dance, painting, chess, kho kho, sewing and other self-development courses. In addition to the above, the Centre conducts camps and workshops in the areas of health care, life skills and assists students in obtaining scholarships. The fundamental goals of Visan Trust are:

- to teach kids, especially girls, a variety of skill sets that would enable them to carve their future. Visan's unwavering thought and support towards women empowerment and education has led to encouraging women to realize their self-worth and potential, develop a source of income for themselves and to stand strong in life independently.
- to ensure that children in rural areas get opportunities for overall development and take responsibility for their lives and the world around them.
- nurturing underprivileged children from a very young age and providing coaching for sports, chess, football, kho-kho, etc. is significant as they are the future of India.

During the year your Company also donated ₹10.17 lakhs to the PM CARES Fund. Chembond Water Technologies Ltd, wholly owned subsidiary of the Company met its CSR goals through contributions to Visan Trust, and by donating and installing one of the latest Operation Theatre lights in the Obstetrics Department of Sir J. J. Hospital. Details pertaining to CSR Committee, Policy etc. are given in the Boards' Report.

Disclosure of Accounting Treatment

Chembond has prepared financial statements for the FY 2022-23 in accordance with the Indian Accounting Standards (IND AS) as specified under Section 133 of the Companies Act, 2013.

Outlook

India emerged strong from the pandemic with its GDP growth in FY 2023 at around 7.2%. Despite some uncertainties in the global economy, it is believed that our economy will continue to grow at a rate among the highest in large economies.

From a global perspective, China is the leader in the specialty chemical market worldwide. India has the opportunity and

potential to emerge as a viable alternative hub for specialty chemical manufacturing. The operational cost disparity between China and India has been reduced due to China's enhanced pollution control regulations. Additionally, due to the 'China plus one' offshore strategy, numerous global manufacturers are increasingly sourcing products from India.

The Indian Specialty Chemicals sector is confident of healthy and profitable growth in the coming years on the back of strong domestic demand and waning inflation in Europe and America.

The investment gap caused by low private and foreign investment is being filled by the government through higher spending on infrastructure and improving the logistics ecosystem through its initiatives such as the National Infrastructure Pipeline, PM Gati Shakti and National Logistics Policy (NLP), among others. A study by the State Bank of India suggests that capital productivity has improved significantly over the last decade, and hence, any incremental investment spending will generate much larger output than it did in the past.

Moving ahead with the growth vision of the nation, Chembond is trying to build people capabilities, infrastructure, technology to take advantage of the expected high growth phase of the Indian industry.

Forward Looking Statements

This report contains statements, which may constitute 'forward looking statements' within the meaning of the applicable securities laws and regulations. Forward looking statements are based on certain assumptions and expectations of the future events. Actual results could differ materially from those expressed or implied. Important factors that could impact the Company's performance include, among others, economic conditions affecting the demand / supply and price conditions in the markets in which the Company operates, changes in the Government policies, regulations, tax laws, other statutes and incidental factors. The Company undertakes no obligations to update or revise forward-looking statements based on any subsequent developments, information or events.

Recent Developments at Micro and Macro Economic Levels

The third wave didn't much affect the economic activity in India as much as the previous waves of the pandemic did since its outbreak. FY 2022-23 opened with a firm belief that the pandemic was rapidly diminishing and India seemed confident to grow at a fast pace and quickly ascend to the pre-pandemic growth path in the first half of 2022-23. India's foreign exchange reserves stood at US\$ 532.7 billion, reaching US\$ 562.7 billion as of 31st December 2022. India was the world's sixth largest FX reserve holding country as of the end of November 2022. Despite restricted tourism income, there has been a large increase in net services.

Your Company is continuously monitoring the economic conditions, redefining strategies, the changing market conditions and has outlined measures to minimize its impact on business and safeguard stakeholders interest.

Change in the Nature of Business

The Company continues to engage in manufacturing specialty chemicals like water treatment, polymers, construction chemicals, high performance coatings, animal health and

industrial biotech products. There is no change in the nature of business or the business line of the Company.

Dividend

The Board of Directors have recommended final dividend of ₹3/- per share (60%) for the financial year ended 31st March 2023.

In view of the changes made under the Income-tax Act, 1961, by the Finance Act, 2020, dividends paid or distributed by the Company shall be taxable in the hands of the Shareholders. Your Company shall, accordingly, make the payment of the final Dividend after deduction of tax at source.

In accordance with Regulation 43A of the Securities & Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations"), the Board of Directors of the Company has voluntarily adopted a Dividend Distribution Policy ("Policy") which endeavors for fairness, consistency and sustainability while distributing profits to the shareholders. Dividend payout is in accordance with the Policy which is available on the website of the Company i.e. <http://www.chembondindia.com/policy.html>.

SECRETARIAL AUDIT REPORT**FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2023

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.: 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Chembond Chemicals Limited

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Chembond Chemicals Limited** (hereinafter called "the Company"). The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's statutory registers, minute books, forms and returns filed with the Registrar of Companies ('the ROC'), soft copy of various records sent over mail as provided by the Company and other relevant records maintained by the Company and also the information provided by the Company, its officers and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2023 ("audit period"), has prima facie complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the statutory registers, minute books, forms and returns filed with the ROC and other relevant records maintained by the Company for the financial year ended on 31st March, 2023 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) The Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings - Not applicable during the audit period;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

Though the following laws are prescribed in the format of Secretarial Audit Report, the same were not applicable to the Company for the financial year ended 31st March, 2023:

- (a) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
 - (b) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;
 - (c) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
 - (e) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (vi) I further report that, based on the Compliance Report of various Laws submitted by Department Heads of the Company, I am of the opinion that the Company has prima facie proper system to comply with the applicable laws.
 - (vii) I have also examined compliance with the applicable clauses and I am of the opinion that the Company has prima facie complied with the applicable provisions of the Secretarial Standards 1 and 2 issued by the Institute of Company Secretaries of India.

During the audit period, I am of the opinion that the Company has prima facie complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above.

I further report that:

1. I have not examined the financial statements, financial books and related financial Act like Income Tax, Sales Tax, Value Added Tax, Goods and Services Tax, ESIC, Provident Fund, Professional Tax, Foreign Currency Transactions, Related Party Transactions, including Reconciliation of Bank Statements etc., For these matters, I rely on the report of statutory auditor's and their observations, if any, and notes on accounts in Financial Statement for the year ended 31st March, 2023.
2. The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the audit period were prima facie carried out in compliance with the provisions of the Act.
3. As per the information provided prima facie adequate notice is given to all Directors to schedule the Board Meetings; agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on agenda items before the Meeting and for meaningful participation at the Meeting.
4. I was informed and observed from the minutes of the Board and Committee Meetings that all the decisions at the Meetings were prima facie carried out unanimously.
5. There are prima facie adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable Laws, Rules, Regulations and Guidelines.
6. The management is responsible for compliances of all business laws. This responsibility includes maintenance of statutory registers / records required by the concerned authorities and internal control of the concerned department.
7. During the review period, as per the information provided by the Company, litigations were filed in the Police Stations which the Company has denied and taken the necessary steps.
8. I further report that during the audit period, there were no instances of:
 - i. Public / Rights / Preferential issue of shares / debentures / sweat equity, etc.;
 - ii. Issue of equity shares under Employee Stock Option Scheme;
 - iii. Redemption / Buy-back of securities;
 - iv. Major decisions taken by the Members in pursuance to Section 180 of the Companies Act, 2013 which would have major bearing on the Company's affairs.
 - v. Merger / amalgamation / Reconstruction etc.
 - vi. The Foreign Technical Collaborations.

I further report that:

1. Maintenance of Secretarial record is the responsibility of the Management of the Company. My responsibility is to express an opinion on these Secretarial Records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in the Secretarial records. I believe that the processes and practices, I followed provide a reasonable basis for my opinion.
3. I have not verified the correctness and appropriateness of financial records and Books of Accounts of Company.
4. Wherever required, I have obtained the Management representation about the compliance of Laws, Rules and Regulations and happening of events etc.
5. The compliance of the provisions of Corporate and other applicable Laws, Rules, Regulations, Standards is the responsibility of the Management. My examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor the efficacy or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Chembond Chemicals Limited

Report on the Audit of the Standalone Financial Statements:

Opinion

We have audited the standalone financial statements of Chembond Chemicals Limited ("the Company"), which comprise the standalone Balance Sheet as at 31st March 2023, the standalone statement of Profit and Loss (including other comprehensive income), the standalone statement of changes in equity, the standalone statement of cash flows for the year then ended and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India of the state of affairs of the Company as at 31st March 2023, and profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to note no. 47 to the standalone financial statements, which describes the effects of a fire in the Company's production facilities. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, for example, Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholders Information but does not include the standalone financial statements, consolidated financial statements and our auditor's reports thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact to those charged with governance. We have nothing to report in this regard.

Responsibilities of management and Those Charged with Governance for the Standalone Financial Statements

The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (Ind AS) specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements:

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial statements of the Company to express an opinion on the financial statements.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the **Annexure A**, a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

 - b) The management has represented that to the best of its knowledge and belief as disclosed in note no. 45(E), no funds have been received by the Company from any person(s) or entity(entities), including foreign entities ("Funding Parties"), with the Understanding, whether recorded in writing or otherwise, that the Company shall, whether directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- c) Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us believe that management representations under sub-clause (a) and (b) above contain any material misstatement.
- v. The dividend declared or paid during the year by the Company is in compliance with Section 123 of the Act.
- vi. As proviso to rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of accounts using accounting software which has a feature of recording audit trail (edit log) facility is applicable with effect from April 1, 2023 to the Company, the reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

4. With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the Company has paid and / or provided remuneration to its directors during the year ended 31st March, 2023 in accordance with the provisions of Section 197 of the Act.

Annexure - A to the Independent Auditors' Report

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date for the year ended 31st March, 2023)

Report on Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Companies Act, 2013 ("the Act") of the Company.

(i) (a) [A] The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

[B] The Company has maintained proper records showing full particulars of Intangible assets.

(b) The Company has a regular program of physical verification of its property, plant and equipment, under which the assets are physically verified in a phased manner over a period of three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain property, plant and equipment were verified during the year and no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and in the basis of our examination of the conveyance deeds / registered sale deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of Company as at the Balance Sheet date. In respect of immovable properties of land and building that have been taken on lease and disclosed under property, plant and equipment in the standalone financial statements, the lease agreements are held in the name of the Company.

(d) The Company has not revalued its property, plant and equipment and intangible assets during the year.

(e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.

(ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion, the coverage and procedure of such verification by the management is appropriate and no discrepancies of 10% or more in the aggregate for each class of inventory were noticed.

(b) The Company has a working capital limit in excess of 500.00 lakhs sanctioned by a bank based on the security of current assets. The quarterly statements, in respect of the working capital limits have been filed by the Company with such bank and such statements are in agreement with the books of account of the

Company for the respective periods as reported in note no. 46 of the standalone financial statements.

(iii) (a) The Company has provided a loan to its three subsidiary companies. The details of the same are given below:

Particulars	Loan (₹ In lakhs)
Aggregate amount provided/ granted during the year - Subsidiaries	Nil
Balance outstanding as at Balance Sheet date in respect of above cases - Subsidiaries	1240

(b) The Company has not provided or given any guarantee, security or advances in the nature of loans during the year except the corporate guarantees given to bank on behalf of its subsidiaries. In our opinion, and according to the information and explanations given to us, the guarantees issued, investments made and terms and conditions of the grant of all loans provided are, prima facie, not prejudicial to the interest of the Company.

(c) In respect of loans granted by the Company, the payment of interest has been specified and the receipt of interest is regular. Further, there is repayment of principal amount of loans during the year as demanded from time to time.

(d) There is no overdue amount in respect of loans granted to such companies as the loans are repayable on demand.

(e) The Company has not granted any loan which has fallen due during the year. Further, no fresh loans were granted to any party to settle the overdue loans.

(f) The Company has not granted any loans or advances in the nature of loans, which are repayable on demand or without specifying any terms or period of repayment except the following loans [as per clause iii(a)] granted to its three subsidiary companies:

Particulars	Loan to subsidiaries (₹ In lakhs)
Aggregate amount of loans:	
Repayable on demand (A)	1240
Agreement does not specify any terms or period of repayment (B)	-
Total (A+B)	1240
Percentage of such loans to the total loans	99.99%

(iv) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, in respect of loans, investments, guarantees, and security given for the year under report.

- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there is no amount which has been considered as deemed deposit within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) On the basis of explanation and representation given by the management and on our broad review of the cost records maintained by the Company pursuant to the Companies (cost records and audit) Rules, 2014 prescribed by the Central Government under Section 148(1) of the Act, we are of the opinion that prima facie the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) As per information and explanations given to us, undisputed statutory dues including provident fund, employees' state insurance, income tax, profession tax, Goods and Service Tax, custom duty, cess and other statutory dues applicable to the Company have generally been regularly deposited with the appropriate authorities though there has been delays in deposit in a few cases which are not serious. Further, there are no undisputed amounts payable in respect of above-mentioned statutory dues which were in arrears, as at 31st March, 2023 for a period of more than six months from the date they became payable.
- (b) According to the information and explanation given to us, there are no dues of income tax, sales tax, service tax, Goods and Service Tax, custom duty, excise duty and cess, which have not been deposited on account of any dispute except in the case of the following disputes which are pending:

Name of statute	Nature of the Dues	Amount (₹ In lakhs)	Period to which the amount relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	0.30	FY 2013-14	Commissioner of Income Tax (Appeals)

Income Tax Act, 1961	Demands pending for rectification	98.35	FY 2006-07, FY 2010-11, FY 2011-12, FY 2014-15, FY 2017-18	Assistant Commissioner of Income Tax Circle 6(2)(1), Central Processing Center Bengaluru
Income Tax (TDS)	TDS defaults	1.06	FY 2007-08, FY 2010-11, FY 2021-22, FY 2022-23	Assistant Commissioner of Income Tax, CPC-TDS
TOTAL		380.58		

- (viii) According to the information and explanations given to us, no transactions were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) which have not been recorded in the books of accounts.
- (ix) (a) According to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.
- (b) According to the information and explanations given to us including representation received from the management of the Company, and on the basis of our audit procedures, we report that the Company has not been declared a willful defaulter by any bank or financial institution or other lender.
- (c) On the basis of records of the Company examined by us and according to the information and explanations given to us, the Company has not raised money by way of term loan during the year. Therefore, the clause 3(ix)(c) of the aforesaid Order is not applicable to the Company.
- (d) On an overall examination of the Standalone Financial Statement of the Company, Funds raised on short-term basis have not been used during the year for Long-term purposes by the Company.
- (e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- (f) According to the information and explanations given to us, the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries.
- (x) (a) In our opinion and according to the information and explanations given to us, the Company has not raised money by way of initial public offer during the year. Accordingly, reporting under clause 3(x)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us, the Company has not made any preferential

allotment or private placement of shares or (fully, partially or optionally) convertible debentures during the year. Accordingly, reporting under clause 3(x)(b) of the Order is not applicable to the Company.

- (xi) (a) To the best of our knowledge and according to the information and explanations given to us, no fraud by the Company or on the Company has been noticed or reported during the period covered by our audit.
- (b) No report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government for the period covered by our audit.
- (c) According to the information and explanations given to us including the representation made to us by the management of the Company, there are no whistleblower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, reporting under clause 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, all transactions entered into by the Company with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. Further, the details of such related party transactions have been disclosed in the standalone financial statements, as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified in Companies (Indian Accounting Standards) Rules 2015 as prescribed under section 133 of the Act.
- (xiv) (a) In our opinion and according to the information and explanations given to us, the Company has an internal audit system as required under section 138 of the Act which is commensurate with the size and nature of its business.
- (b) We have considered the reports issued by the Internal Auditors of the Company till date for the period under audit.
- (xv) According to the information and explanation given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with them and accordingly, provisions of section 192 of the Act are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(a) of the Order is not applicable.
- (b) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause 3(xvi)(b) of the Order is not applicable.

- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, clause 3(xvi)(c) of the Order is not applicable.
- (d) According to the information and explanations provided to us during the course of audit, the Group (as defined in Core Investment Companies (Reserve Bank) Directions, 2016) does not have any CIC. Accordingly, the requirements of clause 3(xvi)(d) are not applicable.
- (xvii) The Company has not incurred any cash loss in the current as well as the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year. Accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company.
- (xix) According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, our knowledge of the plans of the Board of Directors and management, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of Balance Sheet as and when they fall due within a period of one year from the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the Balance Sheet date, will get discharged by the company as and when they fall due.
- (xx) In our opinion and according to the information and explanations given to us, there is no unspent amount under subsection (5) of Section 135 of the Act pursuant to any project. Accordingly, clauses 3(xx)(a) and 3(xx)(b) of the Order are not applicable.
- (xxi) The reporting under clause (xxi) is not applicable in respect of audit of standalone financial statements of the Company. Accordingly, no comment has been included in respect of said clause under this report.

Annexure - B to the Independent Auditors' Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date for the year ended 31st March, 2023)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Chembond Chemicals Limited ("the Company") as of 31st March, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper Management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

COMPANY INFORMATION

Chembond Chemicals Limited (the Company) is a Public Limited Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on BSE Limited (BSE) and National Stock Exchange of India Limited (NSE). The Registered office of the Company is situated at Chembond Centre, EL-71, MIDC Mahape, Navi Mumbai -400710, Maharashtra.

The Company is engaged in manufacturing of Speciality Chemicals.

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of preparation of financial statements and presentation

The financial statements of the Company are prepared in Compliance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and other relevant provisions of the Act. The Statements are prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

Effective April 1, 2017 the Company has adopted all the Ind AS standards and the adoption as carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards, with April 1, 2016 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

The accounting policies have been applied consistently over all the periods presented in these financial statements except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements are prepared in INR, which is the company's functional currency.

1.2 Summary of significant accounting policies

a) Property, Plant and Equipment

The cost of an item of Property, Plant and Equipment ('PPE') is recognised as an asset if, and only if, it is probable that the future economic benefits associated with the item will flow to the Company and the cost can be measured reliably,

PPE are initially recognised at cost. The initial cost of PPE comprises its purchase price (including import duties and non-refundable purchase taxes but excluding any trade discount and rebates), and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Subsequent to initial recognition, PPE are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent expenditure relating to PPE is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. When an item of PPE is replaced, then its carrying amount is derecognised and the cost of the new item of PPE is recognised. Further, in case the replaced part was not depreciated separately, the cost of the replacement is used as an indication to determine the cost of the replaced part at the time it was acquired. All other repair and maintenance cost are recognised in Statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

An item of PPE and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gains or losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of profit and loss when the PPE is derecognised.

The Company identifies and determines cost of each component/part of the asset separately, if the component/part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

b) Intangible Assets

Intangible Assets are stated at historical cost less accumulated amortisation and accumulated impairment loss, if any. Profit or Loss on disposal of intangible assets is recognised in the Statement of Profit and Loss.

c) Capital Work in Progress & Capital Advances

Capital work-in-progress comprises the cost of assets that are yet not ready for their intended use at the balance sheet date. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are classified as Capital Advances under Other Non-Current Assets.

d) Depreciation and Amortization

Depreciation on PPE (other than free hold and lease hold land) has been provided based on useful life of the assets in accordance with Schedule II of the Companies Act, 2013, on Straight Line Method. Freehold land is not depreciated. Leasehold land and leasehold improvements are amortized over the primary period of lease.

Depreciation methods, useful lives and residual value are reviewed at each reporting date and adjusted prospectively, if appropriate.

e) Revenue Recognition

Revenue is measured at the fair value of consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade discount or rebates and applicable taxes and duties collected on behalf of the government and which are levied on such sales.

The Company recognises revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the Company.

- i. Revenue from sales is recognised when goods are supplied and control over the Goods sold is transferred to the buyer which is on dispatch/delivery as per the terms of contracts and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sales of the goods. This is considered the appropriate point where the performance obligations in the contracts are satisfied as the Group no longer has control over the inventory sales are presented net of returns, trade discounts rebates and Goods and service tax (GST).
- ii. Revenue from services is recognised pro-rata as and when services are rendered over a specified period of time. The company collects goods and service tax on behalf of the government and therefore it is not an economic benefit flowing to the company. Hence it is excluded from the revenue. Interest income is recognised using effective interest method on time proportion basis taking in to account the amount outstanding.
- iii. Dividend income from investment is recognised when the Company's right to receive is established by the reporting date, which is generally when shareholders approve the dividend.

f) Lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a Lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are

apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Company's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are generally recognised as an expense in the profit or loss on a straight-line basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are also recognised as expenses in the periods in which they are incurred.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Company as a lessor

Rental income from operating lease is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Company's net investment outstanding in respect of the leases.

g) Inventory

Inventories are valued at lower of the cost determined on weighted average basis or net realisable value. The comparison of cost and net realisable value is made on an item-by-item basis. Damaged, unserviceable and inert stocks are valued at net realizable value.

Determination Cost of raw materials, packing materials and stores spares and consumables Stocks is determined so as to exclude from the cost, taxes and duties which are subsequently recoverable from the taxing authorities.

Cost of finished goods and work-in-progress includes the cost of materials, an appropriate allocation of overheads and other costs incurred in bringing the inventories to their present location and condition.

h) Impairment of assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if event or changes are indicative in circumstances indicate that they might be impaired. Assets that have a definite useful life are tested for impairment whenever events or changes in circumstances that indicate that the carrying amount may not be recoverable. Management periodically assesses using external and internal sources, whether there is an indication that an asset may be impaired. An Impairment loss is recognised for the amount by which the assets carrying amount exceeds its recoverable amount. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. An impairment loss recognized in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount.

i) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts, futures and currency options.

1. Financial assets

Classification

The Company shall classify financial assets as subsequently measured at amortised cost, fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL) on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Debt instruments

- A 'debt instrument' is measured at the amortised cost if both the following conditions are met:
 - a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.
- After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit and loss.
- Debt instruments included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognized in the statement of profit and loss.

Investments in subsidiaries, associates and joint venture

- Investments in subsidiaries and joint venture are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the statement of profit and loss.

Equity instruments

- The Company subsequently measures all equity investments in companies/Mutual funds other than equity investments in subsidiaries, at fair value. Dividends from such investments are recognised in profit and loss as other income when the Company's right to receive payments is established.

De-recognition

A financial asset derecognized only when:

- The rights to receive cash flows from the asset have expired, or

- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - (a) the Company has transferred substantially all the risks and rewards of the asset, or
 - (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.
- When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.
- Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance
- b) Trade receivables or any contractual right to receive cash or another financial asset that result from transaction that are within the scope of IND AS 18.- The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

2. Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Financial liabilities at fair value through profit and loss

Financial liabilities at fair value through profit and loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109.

Gains or losses on liabilities held for trading are recognised in the profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

3. Hedge accounting

Forward exchange contracts entered to hedge highly probable forecast revenues are recorded using the principles of hedge accounting as per Ind AS 109. Such forward exchange contracts which qualify for cash flow hedge accounting and where the conditions of Ind AS 109 have been met are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of the future cash flows are recognized directly under shareholder's funds in the cash flow hedging reserve and the ineffective portion is recognised immediately in the statement of profit and loss.

At the inception of a hedge relationship, the Company formally designates and documents the hedge relationship to which the Company

wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Company's risk management objective and strategy for undertaking hedge, the hedging/economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value of cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedge accounting is discontinued when the hedging instrument expires or is sold or terminated or exercised or no longer qualifies for hedge accounting. Cumulative gain or loss on the hedging instrument recognised in shareholder's funds is transferred to statement of profit and loss when the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in shareholder's funds is transferred to the statement of profit and loss.

j) Fair Value Measurement

The Company's measures Financial Instruments at fair value at each Balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, In the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

- All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value

hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole: **Level**

- 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

k) Foreign Currency and Translation balances

Transactions in foreign currencies entered into by the Company are accounted in the functional currency at the exchange rates prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at functional currency closing rate of exchange at the reporting date. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss.

l) Trade Receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for Expected Credit Loss.

m) Trade Payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are usually unsecured. Trade and other payables are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognised initially at their fair value.

n) Income Taxes

Income tax expenses comprises of current and deferred tax expense and is recognised in the statement of profit or loss except to the extent that it relates to items recognized directly in equity or in OCI, in which case, the tax is also recognised in directly in equity or OCI respectively.

Current tax:

Current tax is the amount expected tax payable or recoverable on the taxable profit or loss for the year and any adjustment to the tax payable or recoverable in respect of previous years. It is measured using tax rates enacted or substantively enacted by the end of reporting period. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate

Deferred tax:

Deferred Income Tax is recognised using the Balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and their carrying amount, except when the deferred income tax arises from the initial recognition of an assets or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

o) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash in hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown in current liabilities in the balance sheet.

p) Employee Benefits**Short term Employee Benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted

amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

Post Employment Benefits**I. Defined Contribution Plan**

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and superannuation scheme for eligible employees.

Recognition and measurement of defined contribution plans:

The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period. If the contributions payable for services received from employees before the reporting date exceeds the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

II. Defined Benefit plans:Provident Fund scheme

The Company makes specified monthly contributions towards Employee Provident Fund scheme in accordance with the statutory provisions

Gratuity scheme

The Company operates a defined benefit gratuity plan for employees. The Company contributes to a separate entity (a fund) administered by LIC, towards meeting the Gratuity obligation.

Pension Scheme:

The Company operates a defined benefit pension plan for certain specified employees and is payable upon the employee satisfying certain conditions, as approved by the Board of Directors.

Recognition and measurement of Defined Benefit plans:

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset

(negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability / (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability / (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability/asset), are recognized in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

The Company presents the above liability/(asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary; however, the entire liability towards gratuity is considered as current as the Company will contribute this amount to the gratuity fund within the next twelve months.

Other Long Term Employee Benefits:

The Company does not allow encashment of leave Balance.

q) Research and Development

Revenue expenditure on Research and Development is charged to Profit and Loss Account as incurred. Capital expenditure on assets acquired for Research and Development is added to PPE and depreciated in accordance with the policies stated for Property, Plant and Equipment and Intangible Assets.

r) Borrowing Cost

Borrowing costs, that are, attributable to the acquisition, construction or production of qualifying are capitalized as part of the costs of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are expensed in the period in which they occur. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

s) Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential ordinary shares, which includes all stock options granted to employees.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

t) Current / Non-Current Classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification as per IND AS 1

An asset is treated as current when it is:

- (i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for the purpose of trading
- (iii) Expected to be realised within twelve months after the reporting period, or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- (i) It is expected to be settled in normal operating cycle.
- (ii) It is held primarily for the purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified twelve months as its normal operating cycle.

u) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation, if

- (a) the Company has a present obligation as a result of a past event;
- (b) a probable outflow of resources is expected to settle the obligation; and
- (c) the amount of the obligation can be reliably estimated.

Reimbursement expected in respect of expenditure required to settle a provision is recognised only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in case of

- (a) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- (b) a present obligation when no reliable estimate is possible; and
- (c) a possible obligation arising from past events where the probability of outflow of resources is not remote.

Contingent Assets are neither recognised, nor disclosed.

Provision, Contingent Liabilities and Contingent Assets are reviewed at each balance Sheet date.

v) Key accounting estimates and judgements

The preparation of the Company's financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets

and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The areas involving critical estimates or judgements are:

- a. Estimation of taxes
- b. Determination of the estimated useful lives of intangible assets and determining intangible assets having an indefinite useful life.
- c. Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized
- d. Recognition and measurement of defined benefit obligations, key actuarial assumptions
- e. Recognition and measurement of provisions and contingencies, key assumptions about the likelihood and magnitude of an outflow of resources
- f. Fair value of financial instrument

Fair values for financial instruments carried at amortised cost approximates the carrying amount, accordingly the fair values of such financial assets and financial liabilities have not been disclosed separately.

B. Measurement of fair values

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 measurements). Fair value of derivative financial assets and liabilities are estimated by discounting expected future contractual cash flows using prevailing market interest rate curves. The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

Level 1: Hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market are determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs are not based on observable market data, the instrument is included in level 3. e.g. unlisted equity securities.

Transfers between Levels

There are no transfers between the levels

C. Financial risk management

The Company's activities expose it to Credit risk, liquidity risk and market risk.

i. Risk management framework

Risk Management is an integral part of the Company's plans and operations. The Company's board of directors has overall responsibility for the establishment and oversight of the Company risk management framework. The board of directors is responsible for developing and monitoring the Company risk management policies.

The Risk Management committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities, cash and cash equivalents, mutual funds, bonds etc.

The carrying amount of financial assets represents the maximum credit exposure.

Trade and other receivables

Credit risk is the risk of possible default by the counter party resulting in a financial loss.

The Company manages credit risk through various internal policies and procedures set forth for effective control over credit exposure. These are managed by way of setting various credit approvals, evaluation of financial condition before supply terms, setting credit limits, industry trends, ageing analysis and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Based on prior experience and an assessment of the current economic environment, management believes that sufficient provision is made based on expected credit loss model for credit risk wherever credit is extended to customers.

Cash and cash equivalents

Credit risk from balances with banks is managed by the Company's treasury department in accordance with the Company's policy. Investment of surplus funds are made in mainly in mutual funds with good returns and with high credit ratings assigned by International and domestic credit ratings agencies.

Other than trade and other receivables, the Company has no other financial assets that are past due but not impaired.

iii. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company has obtained fund and non-fund based working capital lines from various banks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility. Accordingly, liquidity risk is perceived to be low.

The following table shows the maturity analysis of financial liabilities of the Company based on contractually agreed undiscounted cash flows as at the Balance Sheet date:

Sr No	As at 31st March, 2023	Notes	Carrying Values	Less than 12 Months	More than 12 Months

3	Other Current Liabilities	21	94.38	94.38	-
	TOTAL		850.77	850.77	-

iv. Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates). Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

a) Currency risk

The Company is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales, purchase, and other expenses are denominated and the functional currency of the Company. The functional currency of the Company is Indian Rupees (INR). The currencies in which these transactions are primarily denominated are EURO and USD.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows:

- a. The Company has entered into forward contracts to hedge the foreign currency risks arising from amounts designated in foreign currency. The counter party to such forward contract is a bank. Forward contracts outstanding at the year end are:

Currency	Exposure to buy/sell	As at 31/03/2023		As at 31/03/2022	
		Foreign Currency	Indian Currency	Foreign Currency	Indian Currency
USD	Buy	-	-	-	-

b. Foreign Currency Exposures at the year end not hedged by derivative instruments:

		As at 31/03/2023		As at 31/03/2022	
		Foreign Currency	Indian Currency	Foreign Currency	Indian Currency
US Dollars	Buy	0.19	15.50	-	-
Euro	Buy	0.00	0.36	0.00	0.34
US Dollars	Sell	0.19	15.53	0.17	13.18

b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Investment committee manages and constantly reviews the interest rate movements in the market. This risk is mitigated by the Company by investing the funds in various tenors depending on the liquidity needs of the Company. The Company's exposures to interest rate risk is not significant.

(vi) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at 31 st March, 2023		As at 31 st March, 2022	
	Increase	Decrease	Increase	Decrease
Discount rate 1%/(0.5%) movement - Gratuity	(5.90)	6.80	(7.40)	8.50
Future salary growth 1%/(0.5%) movement - Gratuity	6.80	(6.00)	8.60	(7.50)

The above sensitivity analyses have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the reporting date. In practice, generally it does not occur. When we change one variable, it affects to others. In calculating the sensitivity, project unit credit method at the end of the reporting period has been applied.

(vii)	Expected future cash flows	For year ended 31.3.2023	For year ended 31.3.2022
	The expected maturity analysis is as follows :		
	Expected benefits for year 1	74.69	30.79
	Expected benefits for year 2	3.90	11.18
	Expected benefits for year 3	2.86	11.42
	Expected benefits for year 4	16.06	2.17
	Expected benefits for year 5	9.73	14.73
	Expected benefits for year 6 and above	102.82	69.88

38 Capital Management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

As at 31st March, 2023, the Company has only one class of equity shares and has low debt. Consequent to such capital structure, there are no externally imposed capital requirements. In order to maintain or achieve an optimal capital structure, the Company allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Chembond Chemicals Limited

Report on the Audit of the Consolidated Financial Statements:

Opinion

We have audited the consolidated financial statements of Chembond Chemicals Limited ("the Company") and its subsidiaries and associate company listed in **Annexure - A** (the Company, its subsidiaries and associate together referred to as "the Group"), which comprise the consolidated Balance Sheet as at 31st March 2023, the consolidated statement of Profit and Loss, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India of the consolidated state of affairs of the Group as at 31st March 2023, of its consolidated profit (including other comprehensive income), consolidated changes in equity and consolidated cash flows for the year then ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter -

We draw attention to Note no. 50 to the consolidated financial statements, which describes the effects of a fire in the Group's production facilities. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How our audit addressed the key audit matter
<p><u>Contingent liabilities</u></p> <p>The Group has disclosed in Note no. 44 to the consolidated financial statements the contingent liabilities as at 31st March, 2023 which includes disputed liabilities in respect of income tax, sales tax and service tax matters and a case lodged against the Company with respect to inferior quality of products.</p> <p>These involve a high degree of judgement to determine the possible outcomes and estimates relating to the timing and the amount of outflows of resources embodying economic benefits.</p>	<p>The audit procedures included but were not limited to:</p> <ul style="list-style-type: none"> a) Obtained the summary of all disputed matters of the Group and assessed the management's position through discussions. b) Obtaining a detailed understanding of processes and controls of the Management with respect to disputed matters. c) Making corroborative inquiries with appropriate level of the management personnel including status update, expectation of outcomes with basis and future course of action contemplated by the Group and perusing legal opinions, if any, obtained by the management. d) Evaluating the evidences supporting the judgement of the management about the possible outcomes and the reasonableness of the estimates. e) Evaluating appropriateness of adequate disclosures in accordance with the applicable accounting standards.

Other Matters

- a) We did not audit the financial statements of three Indian subsidiaries, one step down subsidiary and one step down associate company that are included in the Consolidated Financial Statements, whose financial results, without giving effect to elimination of intra-group transactions, reflect total asset of ₹ 9,234.10 lakhs as at March 31, 2023, total revenue from operations of ₹ 4,931.63 lakhs and ₹ 17,839.71 lakhs for the quarter and year ended March 31, 2023 respectively, total profit after tax of ₹ 243.66 lakhs and ₹ 156.98 lakhs for the quarter and year ended March 31, 2023 respectively, total comprehensive income of ₹ 253.83 lakhs and ₹ 180.46 lakhs for the quarter and year ended March 31, 2023 respectively and net cash inflow of ₹ 313.58 lakhs for the year ended March 31, 2023, as considered in the Consolidated Financial Statements. These financial statements have been audited by the other auditors, whose reports have been furnished to us by the management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosure included in respect of these subsidiaries, step-down subsidiary and step-down associate company is based solely on the reports of the other auditors and the required procedures performed by us.
- b) The financial statements of one step down foreign subsidiary included in the Consolidated Financial Statements, whose financial results, without giving effect to elimination of intra-group transactions, reflects total asset of ₹ 171.43 lakhs as at March 31, 2023, total revenues of ₹ 67.54 lakhs and ₹ 411.91 lakhs for the quarter and year ended March 31, 2023 respectively, total profit / (loss) after tax of ₹ (1.10) lakhs and ₹ (6.78) lakhs for the quarter and year ended March 31, 2023 respectively, total comprehensive income of ₹ (1.10) lakhs and ₹ (6.78) lakhs for the quarter and year ended March 31, 2023 respectively are audited by other auditors according to accounting principles generally accepted in that foreign country. The Holding Company's management has converted the financial statements of such foreign subsidiaries from accounting principles generally accepted in that foreign country to accounting principles generally accepted in India. Accordingly, our report on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of the said subsidiary is based solely on the basis of the said financial statements certified by the management. In our opinion and according to the information and explanations given to us by the Board of Directors, these financial statements are not material to the Group.
- c) The financial results of one step down foreign subsidiary included in the Statement, whose financial results, without giving effect to elimination of intra-group transactions, reflects total asset of ₹ 82.09 lakhs as at March 31, 2023, total revenues of ₹ 24.82 lakhs and ₹ 144.11 lakhs for the quarter and year ended March 31, 2023 respectively, total profit / (loss) after tax of ₹ 40.08 lakhs and ₹ (24.93) lakhs for the quarter and year ended March 31, 2023 respectively, total comprehensive income of ₹ 40.08 lakhs and ₹ (24.93) lakhs for the quarter and year ended March 31, 2023 respectively are unaudited and prepared according to

accounting principles generally accepted in that foreign country. The Holding Company's management has converted the financial results of such foreign subsidiaries from accounting principles generally accepted in that foreign country to accounting principles generally accepted in India and furnished to us. Accordingly, our report on the Statement, in so far as it relates to the amounts and disclosures included in respect of the said subsidiary is based solely on the basis of the said financial statements certified by the management. In our opinion and according to the information and explanations given to us by the Board of Directors, these financial statements are not material to the Group.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, for example, Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholders Information but does not include the consolidated financial statements, standalone financial statements and our auditor's reports thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact to those charged with governance. We have nothing to report in this regard.

Responsibilities of management and Those Charged with Governance for the Consolidated Financial Statements

The accompanying consolidated financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

The respective Board of Directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each entity and for preventing

and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the entities included in the Group are responsible for assessing the ability of each entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group is responsible for overseeing the financial reporting process of each entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements:

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;

Annexure - B to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date for the year ended 31st March, 2023)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company for the year ended 31st March, 2023, we have audited the internal financial controls over financial reporting of Chembond Chemicals Limited ("the Company") and its subsidiaries which are incorporated in India as of 31st March, 2023.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Company and its subsidiary companies, which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the respective internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matter paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper Management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future

periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiaries incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company and its subsidiaries incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the Internal Financial Controls over financial reporting in so far as it relates to three subsidiary companies and one step down subsidiary, which are companies incorporated in India, is based on the corresponding reports of the Auditors of such companies incorporated in India.

Our opinion is not qualified in respect of this matter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2023

COMPANY INFORMATION

Chembond Chemicals Limited (the Company) is a public limited Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on BSE Limited (BSE) and National Stock Exchange of India Limited (NSE). The Registered office of the Company is situated at Chembond Centre, EL-71, MIDC Mahape, Navi Mumbai -400710, Maharashtra.

These consolidated financial statements comprise the Company and its subsidiaries, Step-Down Subsidiaries and Step-Down Associates (collectively the 'Group' and individually 'Group companies').

The group is engaged in manufacturing of Speciality Chemicals.

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of preparation of consolidated financial statements and presentation

The consolidated financial statements of the Company are prepared in Compliance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and other relevant provisions of the Act. The consolidated Statements are prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

Effective April 1, 2017 the Company has adopted all the Ind AS standards and the adoption as carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards, with April 1, 2016 as the transition date. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under section 133 of the Act, read with Rule 7 of the Companies

(Accounts) Rules, 2014 (IGAAP), which was the previous GAAP.

The accounting policies have been applied consistently over all the periods presented in these consolidated financial statements except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The consolidated financial statements are prepared in INR, which is the company's functional currency.

1.2 Basis of consolidation

Subsidiaries are all entities over which the Company has control. Control exist when the company is exposed to or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries has been changed wherever necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

1.3 Summary of significant accounting policies

a) Property, Plant and Equipment

The cost of an item of Property, Plant and Equipment ('PPE') is recognised as an asset if, and only if, it is probable that the future economic benefits associated with the item will flow to the Group and the cost can be measured reliably,

PPE are initially recognised at cost. The initial cost of PPE comprises its purchase price (including import duties and non-refundable purchase taxes but excluding any trade discount and rebates), and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Subsequent to initial recognition, PPE are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Subsequent expenditure relating to PPE is capitalized only when it is probable that future economic benefits associated with these will flow to the Group and the cost of the item can be measured reliably. When an item of PPE is replaced, then its carrying amount is derecognised and the cost of the new item of PPE is recognised. Further, in case the replaced part was not depreciated separately, the cost of the replacement is used as an indication to determine the cost of the replaced part at the time it was acquired. All other repair and maintenance cost are recognised in Statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

An item of PPE and any significant part initially recognised is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gains or losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of profit and loss when the PPE is derecognised.

The Group identifies and determines cost of each component/part of the asset separately, if the component/part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

b) Intangible Assets

Intangible Assets are stated at historical cost less accumulated amortisation and accumulated impairment loss, if any. Profit or Loss on disposal of intangible assets is recognised in the Statement of Profit and Loss.

c) Capital Work in Progress & Capital Advances

Capital work-in-progress comprises the cost of assets that are yet not ready for their intended use at the balance sheet date. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are classified as Capital Advances under Other Non-Current Assets.

d) Depreciation and Amortisation

Depreciation on PPE (other than free hold and lease hold land) has been provided based on useful life of the assets in accordance with Schedule II of the Companies Act, 2013, on Straight Line Method. Freehold land is not depreciated. Leasehold land and leasehold improvements are amortized over the primary period of lease.

Depreciation methods, useful lives and residual value are reviewed at each reporting date and adjusted prospectively, if appropriate.

Depreciation in the case of Subsidiary Companies (Including Step-Down Subsidiaries), Chembond Water Technologies Ltd. (CWTL), Chembond Clean Water Technologies Ltd. (CCWTL), Chembond Calvatis Industrial Hygiene Systems Ltd. (CCIHSL), Chembond Distribution Ltd.(CDL), Phiroze Sethna Private Ltd.(PSPL) and Gramos Chemicals India Pvt. Ltd.(GCIPL) are provided on written down value method at the rates specified in part C of Schedule II of the Companies Act, 2013.

Depreciation on Fixed Assets in case of Subsidiary Companies (Including Step-Down Subsidiaries), Chembond Material Technologies Private Limited (CMTPL), Chembond Water technologies (Malaysia) Sdn. Bhd, Chembond Water technologies (Thailand) Co. Ltd & Chembond Biosciences Limited (CBL) are provided on the straight line method at the rates and in the manner specified in part C of Schedule II of the Companies Act, 2013

e) Revenue Recognition

Revenue is measured at the fair value of consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade discount or rebates and applicable taxes and duties collected on behalf of the government and which are levied on such sales.

The Group recognises revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the Group.

- i. Revenue from sales is recognised when goods are supplied and control over the Goods sold is transferred to the buyer which is on dispatch/delivery as per the terms of contracts and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sales of the goods. This is considered the appropriate point where the performance obligations in the contracts are satisfied as the Group no longer has control over the inventory sales are presented net of returns, trade discounts rebates and Goods and service tax (GST).
- ii. Revenue from services is recognised pro-rata as and when services are rendered over a specified period of time. The Group collects goods and service tax on behalf of the government and therefore it is not an economic benefit flowing to the Group. Hence it is excluded from the revenue.

- iii. Interest income is recognised using effective interest method on time proportion basis taking in to account the amount outstanding.
- iv. Dividend income from investment is recognised when the Company's right to receive is established by the reporting date, which is generally when shareholders approve the dividend.

f) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a Lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the Group's general policy on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are generally recognised as an expense in the profit or loss on a straight-line basis over the lease term. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rentals arising under operating leases are also recognised as expenses in the periods in which they are incurred.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

Company as a lessor

Rental income from operating lease is generally recognised on a straight-line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the Group expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Amounts due from lessees under finance leases are recorded as receivables at the Group net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group net investment outstanding in respect of the leases

g) Inventory

Inventories are valued at lower of the cost determined on weighted average basis or net realisable value. The comparison of cost and net realisable value is made on an item-by-item basis. Damaged, unserviceable and inert stocks are valued at net realizable value.

Cost of raw materials, packing materials and stores spares and consumables Stocks is determined so as to exclude from the cost, taxes and duties which are subsequently recoverable from the taxing authorities.

Cost of finished goods and work-in-progress includes the cost of materials, an appropriate allocation of overheads and other costs incurred in bringing the inventories to their present location and condition.

h) Impairment of Assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if event or changes are indicative in circumstances indicate that they might be impaired. Assets that have a definite useful life are tested for impairment whenever events or changes in circumstances that indicate that the carrying amount may not be recoverable. Management periodically assesses using external and internal sources, whether there is an indication that an asset may be impaired. An Impairment loss is recognised for the amount by which the assets carrying amount exceeds its recoverable amount. An impairment loss is charged to the Profit and Loss Account in the year in which an asset is identified as impaired. An impairment loss recognized in prior accounting periods is reversed if there has been change in the estimate of the recoverable amount.

i) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts, futures and currency options.

a. Financial assets

Classification

The Group shall classify financial assets as subsequently measured at amortised cost, fair value through other comprehensive income (FVOCI) or fair value through profit and loss (FVTPL) on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

Debt instruments

- A 'debt instrument' is measured at the amortised cost if both the following conditions are met:
 - a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.
- After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit and loss.
- Debt instruments included within the fair value through profit and loss (FVTPL) category are measured at fair value with all changes recognized in the statement of profit and loss.

Equity instruments

- The Group subsequently measures all equity investments in companies/Mutual funds other than equity investments in subsidiaries, at fair value. Dividends from such investments are recognised in profit and loss as other income when the Group's right to receive payments is established.

De-recognition

A financial asset derecognized only when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.
- Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance
- b) Trade receivables or any contractual right to receive cash or another financial asset that result from transaction that are within

the scope of IND AS 18.- The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

b. Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Financial liabilities at fair value through profit and loss

Financial liabilities at fair value through profit and loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109.

Gains or losses on liabilities held for trading are recognised in the profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

c. Hedge accounting

Forward exchange contracts entered to hedge highly probable forecast revenues are recorded using the principles of hedge accounting as per Ind AS 109. Such forward exchange contracts which qualify for cash flow hedge accounting and where the conditions of Ind AS 109 have been met are initially measured at fair value and are re-measured at subsequent reporting dates. Changes in the fair value of these derivatives that are designated and effective as hedges of the future cash flows are recognized directly under shareholder's funds in the cash flow hedging reserve and the ineffective portion is recognised

immediately in the statement of profit and loss.

At the inception of a hedge relationship, the Group formally designates and documents the hedge relationship to which the Group wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge. The documentation includes the Group's risk management objective and strategy for undertaking hedge, the hedging/economic relationship, the hedged item or transaction, the nature of the risk being hedged, hedge ratio and how the entity will assess the effectiveness of changes in the hedging instrument's fair value in offsetting the exposure to changes in the hedged item's fair value or cash flows attributable to the hedged risk. Such hedges are expected to be highly effective in achieving offsetting changes in fair value of cash flows and are assessed on an ongoing basis to determine that they actually have been highly effective throughout the financial reporting periods for which they were designated.

Hedge accounting is discontinued when the hedging instrument expires or is sold or terminated or exercised or no longer qualifies for hedge accounting. Cumulative gain or loss on the hedging instrument recognised in shareholder's funds is transferred to statement of profit and loss when the forecasted transaction occurs. If a hedged transaction is no longer expected to occur, the net cumulative gain or loss recognised in shareholder's funds is transferred to the statement of profit and loss.

j) Fair Value Measurement

The Group's measures Financial Instruments at fair value at each Balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, In the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

- All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:
- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

k) Foreign Currency Transactions and Translation:

Transactions in foreign currencies entered into by the Group are accounted in the functional currency at the exchange rates prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currency are translated at functional currency closing rate of exchange at the reporting date. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss.

l) Trade Receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for Expected Credit Loss

m) Trade Payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are usually unsecured. Trade and other payables are presented as current liabilities unless payment is not due within twelve months after the reporting period. They are recognised initially at their fair value..

n) Income Taxes

Income tax expenses comprises of current and deferred tax expense and is recognised in the statement of profit or loss except to the extent that it relates to items recognized directly in equity or in OCI, in which case, the tax is also recognised in directly in equity or OCI respectively.

Current tax

Current tax is the amount expected tax payable or recoverable on the taxable profit or loss for the year and any adjustment to the tax payable or recoverable in respect of previous years. It is measured using tax rates enacted or substantively enacted by the end of reporting period. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate

Deferred tax

Deferred Income Tax is recognised using the Balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and their carrying amount, except when the deferred income tax arises from the initial recognition of an assets or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

o) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash in hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown in current liabilities in the balance sheet.

p) Employee Benefits

Short term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Group recognizes the undiscounted amount of short term employee benefits expected to

be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

Post Employment Benefits

I. Defined Contribution Plan

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and superannuation scheme for eligible employees.

Recognition and measurement of defined contribution plans:

The Group recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Group during the reporting period. If the contributions payable for services received from employees before the reporting date exceeds the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

II. Defined Benefit plans

Provident Fund scheme

The Group makes specified monthly contributions towards Employee Provident Fund scheme in accordance with the statutory provisions

Gratuity scheme

The Group operates a defined benefit gratuity plan for employees. The Group contributes to a separate entity (a fund) administered by LIC, towards meeting the Gratuity obligation.

Pension Scheme

The Group operates a defined benefit pension plan for certain specified employees and is payable upon the employee satisfying certain conditions, as approved by the Board of Directors.

Recognition and measurement of Defined Benefit plans

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability / (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability/ (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability/asset), are recognized in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

The Group presents the above liability/(asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary; however, the entire liability towards gratuity is considered as current as the Company will contribute this amount to the gratuity fund within the next twelve months.

Other Long Term Employee Benefits

The Group does not allow encashment of leave Balance.

q) Research and Development

Revenue expenditure on Research and Development is charged to Profit and Loss Account as incurred. Capital expenditure on assets acquired for Research and Development is added to PPE and depreciated in accordance with the policies stated for Property, Plant and Equipment and Intangible Assets.

r) Borrowing Cost

Borrowing costs, that are, attributable to the acquisition, construction or production of qualifying are capitalized as part of the costs of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are expensed in the period in which they occur. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

s) Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its equity shares. Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential ordinary shares, which includes all stock options granted to employees.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

t) Current / Non-Current Classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification as per IND AS 1

An asset is treated as current when it is:

- (i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- (ii) Held primarily for the purpose of trading
- (iii) Expected to be realised within twelve months after the reporting period, or
- (iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- (i) It is expected to be settled in normal operating cycle.
- (ii) It is held primarily for the purpose of trading
- (iii) It is due to be settled within twelve months after the reporting period, or
- (iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all their liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its normal operating cycle.

u) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized for liabilities that can be measured only by using a substantial degree of estimation, if

- (a) the Group has a present obligation as a result of a past event;
- (b) a probable outflow of resources is expected to settle the obligation; and
- (c) the amount of the obligation can be reliably estimated.

Reimbursement expected in respect of expenditure required to settle a provision is recognised only when it is virtually certain that the reimbursement will be received.

Contingent liability is disclosed in case of

- (a) a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- (b) a present obligation when no reliable estimate is possible; and
- (c) a possible obligation arising from past events where the probability of outflow of resources is not remote.

Contingent Assets are neither recognised, nor disclosed.

Provision, Contingent Liabilities and Contingent Assets are reviewed at each balance Sheet date.

v) Key accounting estimates and judgements

The preparation of the Company's consolidated financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The areas involving critical estimates or judgements are:

- a. Estimation of taxes
- b. Determination of the estimated useful lives of intangible assets and determining intangible assets having an indefinite useful life.
- c. Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized
- d. Recognition and measurement of defined benefit obligations, key actuarial assumptions
- e. Recognition and measurement of provisions and contingencies, key assumptions about the likelihood and magnitude of an outflow of resources
- f. Fair value of financial instrument.

Fair values for financial instruments carried at amortised cost approximates the carrying amount, accordingly the fair values of such financial assets and financial liabilities have not been disclosed separately.

B. Measurement of fair values

Ind AS 107, 'Financial Instrument - Disclosure' requires classification of the valuation method of financial instruments measured at fair value in the Balance Sheet, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurements). The hierarchy gives the highest priority to un-adjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to un-observable inputs (Level 3 measurements). Fair value of derivative financial assets and liabilities are estimated by discounting expected future contractual cash flows using prevailing market interest rate curves. The three levels of the fair-value-hierarchy under Ind AS 107 are described below:

Level 1: Hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market are determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs are not based on observable market data, the instrument is included in level 3. e.g. unlisted equity securities.

C. Financial risk management

The Company's activities expose it to Credit risk, liquidity risk and market risk.

i. Risk management framework

Risk Management is an integral part of the Company's plans and operations. The Company's board of directors has overall responsibility for the establishment and oversight of the Company risk management framework. The board of directors is responsible for developing and monitoring the Company risk management policies.

The Risk management committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

ii. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investments in debt securities, cash and cash equivalents, mutual funds, bonds etc.

The carrying amount of financial assets represents the maximum credit exposure.

Trade and other receivables

Credit risk is the risk of possible default by the counter party resulting in a financial loss.

The Company manages credit risk through various internal policies and procedures set forth for effective control over credit exposure. These are managed by way of setting various credit approvals, evaluation of financial condition before supply terms, setting credit limits, industry trends, ageing analysis and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Based on prior experience and an assessment of the current economic environment, management believes that sufficient provision is made based on expected credit loss model for credit risk wherever credit is extended to customers.

Cash and cash equivalents

Credit risk from balances with banks is managed by the Company's treasury department in accordance with the Company's policy. Investment of surplus funds are made in mainly in mutual funds with good returns and with high credit ratings assigned by International and domestic credit ratings agencies.

Other than trade and other receivables, the Company has no other financial assets that are past due but not impaired.

iii. Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company has obtained fund and non-fund based working capital lines from various banks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility. Accordingly, liquidity risk is perceived to be low.

The following table shows the maturity analysis of financial liabilities of the Company based on contractually agreed undiscounted cash flows as at the Balance Sheet date:

iv. **Market risk**

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates). Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

a) **Currency risk**

The Company is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales, purchase, and other expenses are denominated and the functional currency of the Company. The functional currency of the Company is Indian Rupees (INR). The currencies in which these transactions are primarily denominated are EURO and USD.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows:

- a The Company has entered into forward contracts to hedge the foreign currency risks arising from amounts designated in foreign currency. The counter party to such forward contract is a bank. Forward contracts outstanding at the year end are:

Currency	Exposure to buy/sell	As at 31/03/2023		As at 31/03/2022	
		Foreign Currency	Indian Currency	Foreign Currency	Indian Currency
USD	Buy	-	-	-	-

- b Foreign Currency Exposures at the year end not hedged by derivative instruments:

		As at 31/03/2023		As at 31/03/2022

US Dollars	Sell	0.15	12.39	0.26	19.92
Swiss Franc (CHF)	Sell	0.03	3.06	-	-

b) **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Investment committee manages and constantly reviews the interest rate movements in the market. This risk is mitigated by the Company by investing the funds in various tenors depending on the liquidity needs of the Company. The Company's exposures to interest rate risk is not significant.

(vi) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at 31 st March, 2023		As at 31 st March, 2022	
	Increase	Decrease	Increase	Decrease
Discount rate (1% movement) - Gratuity	(117.26)	246.48	(166.87)	210.29
Future salary growth (1% movement) - Gratuity	247.88	(119.77)	211.28	(169.07)

The above sensitivity analyses have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the reporting date. In practice, generally it does not occur. When we change one variable, it affects to others. In calculating the sensitivity, project unit credit method at the end of the reporting period has been applied.

(vii) Expected future cash flows

The expected maturity analysis is as follows :	For year ended	For year ended
	31.3.2023	31.3.2022
Expected benefits for year 1	129.12	63.95

42 Capital Management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

As at 31st March, 2023, the Company has only one class of equity shares and has low debt. Consequent to such capital structure, there are no externally imposed capital requirements. In order to maintain or achieve an optimal capital structure, the Company allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans.

STATEMENT ANNEXED TO THE NOTICE AND SETTING OUT THE MATERIAL FACTS CONCERNING EACH ITEM OF SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013 AND SECRETARIAL STANDARD ON GENERAL MEETINGS.

ITEM NO. 4

This explanatory statement is provided though strictly not required as per Section 102 of the Act.

The shareholders of the Company at the 43rd Annual General Meeting ("AGM") held on 11th August, 2018 approved appointment of M/s. Bathiya & Associates LLP, Chartered Accountants, as Statutory Auditor of the Company, to hold office from the conclusion of the 43rd AGM till the conclusion of the 48th AGM of the Company to be held in the year 2023-24.

As per the provision of Section 139 of the Act, no listed company can appoint or re-appoint an audit firm as auditor for more than two terms of five consecutive years. In view of the above and based on the recommendation of the Audit Committee, the Board of Directors, at its meeting held on 20th May, 2023, proposed the re-appointment of M/s. Bathiya & Associates, LLP, Chartered Accountants, as the Statutory Auditor of the Company for a second term of five consecutive years to hold office from the conclusion of 48th AGM to be held in 2023 till the conclusion of the 53rd AGM of the Company to be held in the year 2028.

M/s. Bathiya & Associates, LLP, Chartered Accountants, have consented to the said re-appointment and confirmed that their re-appointment, if made, would be within the limits specified under Section 141(3)(g) of the Act. They have also furnished a declaration in terms of Section 141 of the Act that they are eligible to be re-appointed as Statutory Auditor of the Company and that they have not incurred any disqualification under the Act.

The Board recommends the resolution as set out at Item No. 4 of the accompanying Notice for the approval by the Members of the Company by way of an Ordinary Resolution.

None of the Directors, Key Managerial Personnel or their respective relatives are concerned or interested in the Resolution mentioned at Item No. 4 of the Notice.

ITEM NO. 5

Pursuant to Regulation 17 (1A) of the Listing Regulations no listed entity shall appoint a person or continue the directorship of any person as a Non-executive Director who has attained the age of seventy five years, unless a Special Resolution is passed to that effect, in which case the explanatory statement annexed

to the notice for such motion shall indicate the justification for appointing such a person. Mr. Ashwin R. Nagarwadia (DIN: 00466681), Non-executive Director of the Company, has attained the age of seventy-five years. Considering his rich experience it is proposed to obtain shareholders' approval for continuation of his directorship beyond the age of 75 years.

Except Mr. Nagarwadia none of the Directors, Key Managerial Personnel's and their relatives are in any way concerned or interested financially or otherwise in the aforesaid resolution.

The Board recommends passing of the Special Resolution as set out at Item No. 5 respectively of the accompanying Notice for approval by the Members.

ITEM NO. 6

Pursuant to the provisions of Section 197 and 149(9) of the Act, read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Regulation 17(6)(a) of the Listing Regulations provides that all fees/compensation (except sitting fees within the limits prescribed under the Companies Act, 2013), if any, paid to Non-executive Directors, including Independent Directors, shall require prior approval of shareholders in general meeting. The shareholders of the Company in the 42nd AGM had approved the payment of commission to its Directors (other than Managing / Whole-Time Directors) for a period of five financial years commencing from 1st April, 2018. The approval was till FY 2022-23. Therefore, a fresh approval is sought from the shareholders for payment of commission to the Non-executive Directors of the Company for a period of five years commencing from 1st April, 2023.

The Board recommends passing of the Resolution as set out in item no. 6 respectively, of the accompanying Notice for the approval of the Members of the Company as a special Resolution.

All the Non-executive Directors of the Company and their relatives are deemed interested in the Resolution set out at item no. 6 of the accompanying notice since it relates to their respective remuneration. Other than the Non-executive Directors none of other Directors, Key managerial personnel and other relatives are concerned or interested in the Resolution at item no. 6 of the notice.

ITEM NOs. 7 to 14

The Audit Committee and Board of Directors at their meeting held on 20th May, 2023 have given their consent to enter into transaction with related party in terms of Section 2(76) of the Act. Pursuant to Regulation 23 of the Listing Regulations and Section 188 of the Act and Rules framed thereunder, all Related Party Transactions ("RPT") that exceeds limits shall require prior approval of the shareholders by means of an Ordinary Resolution, even if such transaction(s) are in the ordinary course of business and at an arm's length pricing basis. A transaction with a Related Party shall be considered material, if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, is 10% or more of the turnover of the Company or 10% or more of the net worth of the Company as per the last audited financial statements of the Company, as the case may be.

In view of the afore mentioned regulatory changes the Resolutions at item Nos. 7 to 14 are placed for approval by the Members.

The Management has provided the Audit Committee with relevant details of the proposed RPTs, including material terms and basis of pricing. The Audit Committee, after reviewing all necessary information, has granted its approval for entering into the below mentioned RPTs. The Audit Committee has noted that the said transaction(s) will be at an arm's length pricing basis and will be in the ordinary course of business.

Item no. 7

REVERSE OSMOSIS MEMBRANE TREATMENT

Reverse Osmosis (RO) has been widely employed for desalination of brackish water, sea water and wastewater because it operates at a comparatively lower temperature and is relatively energy efficient. The RO process involves pumping pre-treated water through RO membrane modules at a high pressure and separating the treated (product) water from the concentrate (reject). A hindrance to obtaining consistent performance from a RO plant is membrane fouling. The use of antiscalants, preservatives, cleaners, and fouling control products are known to provide total membrane protection and prolong their productive life. **Chembond Water Technologies** offers the entire range of proven RO membrane treatment products to minimize losses arising from fouling.
